

### **Main Action Points from Mangilao Public Safety Meeting (June 12, 2019)**

- Increase outreach to migrant citizens
- Support for immigration screening before we issue passports
- Demand more from federal government, FSM government
- Increase youth programs in the village
- Increase street lights
- Address abandoned buildings, parks, CLTC properties
- Teach kids respect
- Revisit alcohol laws -- too cheap and too accessible (gas stations, mom and pop stores)
- Revisit vagrancy, loitering, and curfew laws
- Enforce Compact Impact Laws
- Explore a cap on migrant population
- Utilize faith-based programs
- Get elders/clans involved with mentoring youth
- Increase police presence, Neighborhood Watch Programs, police kobans
- Empower residents with citation abilities
- Ensure bail is paid before defendants are placed on pre-trial release

### **Main Action Points from Tamuning Public Safety Meeting (June 26, 2019)**

- Stronger enforcement from police, prosecutors
- Focus on the family
- Address recidivism at Department of Corrections: get more information about the prison population from DOC and Courts (repeat offenders, background, education level, drug/alcohol history, family violence, mental illness)
- Follow up on probationers, parolees
- Use prison population for cleanups, beautification
- Increase of police force must also equate to increase in DOC officers
- Increase drug detector dog force
- Decrease animosity/build unity among islands
- Convert Chief Brodie Elementary School to middle school
- Produce educational videos on Guam laws for distribution to neighboring islands
- Promote existing outreach programs like the Micronesian Resource Center (project of Mañelu) which provides information to FAS families
- Ensure funding is available for all law enforcement agencies
- Address drug/alcohol addiction
